Re: United States of America v. Allen Julier
Case No. ~~7:07-MJ-01465~~

Honorable Sir:

70 1182

I represent defendant in the above matter and I write to obtain permission of the Court for Pre-Trial Services to release to me the results of the psychosexual examination, which my client undertook as a condition of his pre-trial release.

Mr. Julier was arraigned by Your Honor with the condition that he undergo a psychosexual examination as part of his pre-trial release. Consequently, I believe that this specific request should be addressed to Your Honor rather than to Judge Karas to whom the matter has subsequently been assigned.

It is my understanding that neither Pre-Trial Services, nor the Assistant United States Attorney, Nola B. Heller, have any objection to the release of this report to me.

Thank you for your consideration in this matter.

Respectfully yours,

Victor G. Grossman
